---

### SUPERVISED CLINICAL POST-DOCTORAL

#### Rowan Center for Behavioral Medicine

*May 2023 – Present*

500 E. Olive Ave #540, Burbank, CA 92501

Individual Supervisor: *Narineh Hartoonian, PhD, Licensed Clinical Psychologist*

- **Individual Psychotherapy:** Providing individual therapy to diverse adults through telehealth using short-term therapy models such as Cognitive Behavioral Therapy, Acceptance and Commitment Therapy, Time Limited Dynamic Therapy, and more.
- 

### SUPERVISED CLINICAL INTERNSHIP

#### University of California, Riverside Counseling and Psychological Services (*APA Accredited*)

*August 2021 – July 2022*

900 University Ave, Riverside CA 92521

Individual Supervisors: *Jarrett Ellington, PsyD, Licensed Clinical Psychologist & Crystal Saidi, PsyD, Licensed Clinical Psychologist*

- **Individual Psychotherapy:** Provided individual therapy to culturally and clinically diverse college student population through tele-health using short-term therapy model such as Cognitive Behavior Therapy, Time Limited Dynamic Therapy, and Emotion Focused Therapy. Provided psychodynamic long-term therapy to two clients.

- **Group Therapy:** Co-facilitated weekly graduate student support process group. Co facilitated a structured anxiety management program using meta-cognitive behavioral therapy and mindfulness.
- **Crisis Support:** : Provided weekly crisis support to walk-in and scheduled individuals both in person and through tele-health services. Provided suicide/homicide risk assessments, follow-up treatment, and treatment planning.
- **Outreach:** Participated in monthly meetings to develop social media outreach projects. Created social media posts to promote mental health issues and mental health care. Developed a unique and innovative outreach project discussing religiosity and mental health stigmas with student body.
- **Supervision:** Participated in weekly individual supervision with two separate licensed clinical psychologists, weekly group crisis support supervision, and weekly diversity group supervision.
- **Intake Assessment & Psychological Testing:** Conducted minimum of four weekly diagnostic intake assessments and integrated reports. Conducted a full psychological testing battery on one client.

## SUPERVISED CLINICAL PRACTICA

### California State University, Fullerton Counseling and Psychological Services

*August 2020 – May 2021*

800 State College Blvd., Fullerton, CA 92831

Supervisor: *Kevin Thomas, PsyD., Licensed Clinical Psychologist*

- **Individual Psychotherapy:** Provided individual therapy to culturally and clinically diverse college-age adults through tele-health using short-term therapy models such as cognitive behavior therapy, and brief psychotherapy. Provided psychodynamic long-term therapy to one client for the entirety of the school year.
- **Outreach:** Organized and presented on various mental health topics such as self-care, general wellness (thought, mood, and stress), and others.
- **Supervision:** Participated in weekly individual supervision with a licensed psychologist, weekly individual peer-to-peer supervision with an intern, and weekly peer-to-peer group supervision with an intern.

### Whittier Student Counseling Center

*August 2019 – May 2020*

13406 Philadelphia St., Whittier, CA 90608

Supervisor: *Rebecca Romberger, PsyD., Licensed Clinical Psychologist*

- **Individual Psychotherapy:** Provided both in-service and remote individual therapy with college aged and culturally diverse adults at a university counseling center using cognitive behavioral techniques, solution-focused techniques, brief psychodynamic therapy, and long-term psychodynamic psychotherapy with one client.
- **Intake Assessment & Report Writing:** Conducted diagnostic intakes and wrote integrated reports that included client's presenting problem, personal history, medical and mental health history, behavioral observations, diagnosis, and treatment recommendations.
- **Outreach:** Organized and presented on various mental health topics, such as, self-care

and stress management, in classrooms. Participated in weekly 2-hour/week open consultation opportunities for students. Have written two and will write two more brief psycho-educational handouts on various topics relevant to college students (i.e. conflict resolution, stress management, attachment and relational patterns) that were posted in various locations on campus.

- **Supervision:** Participated in 1hour/week individual supervision with a licensed psychologist and participated in weekly 1hour/week group supervision.

### **Didi Hirsch Mental Health Services**

*September 2018 – May 2019*

323 Prairie Ave. Ste 350, Inglewood, CA

Supervisor: *Christie Schueler, PhD., Licensed Clinical Psychologist*

- **Child and Family Psychotherapy:** Provided individual and collaborated therapy sessions with children and their parents using play therapy and family systems therapy. Provided individual therapy to 1 adult client using eclectic modalities.
- **Initial Assessment & Report Writing:** Conducted diagnostic initial assessments with children and families. Reports were written according to DMH protocols and included: presenting problem, developmental history, family history, psychosocial history, medical and mental health history, behavioral observations, diagnosis, and treatment recommendations.
- **Supervision:** Participated in 1hour/week individual supervision with a licensed psychologist. Also participated in group supervision with interns.

### **Biola Counseling Center**

*August 2017 – May 2018*

12625 La Mirada Blvd., La Mirada, CA 90638

Supervisor: *Thomas Donovan, PsyD., Licensed Clinical Psychologist*

- **Individual Psychotherapy:** Individual therapy with college-aged and culturally diverse adults at a university counseling center using cognitive behavioral techniques and brief psychodynamic therapy for presenting problems such as adjustment, anxiety, and depressive disorders.
- **Intake Assessment & Report Writing:** Conducted diagnostic intakes every other week, integrating clinical interview and MMSE-2 and MMPI-2 data. Reports included: presenting problem, personal history, medical and mental health history, behavioral observations, MMSE-2 and MMPI-2 interpretation, diagnosis, and treatment recommendations.
- **Supervision & Training:** 1.5 hours/week of dyad supervision and 1 hour/week of didactic training. Received supervision through audio and video reviews.

---

## **SUPERVISED ASSESSMENT PRACTICA**

### **Stonegate Elementary School, Irvine USD**

*August 2017 – June 2018*

100 Honors Rd., Irvine, CA 92620

Supervisor: *Karon Ciston, MS., Counseling*

Faculty Consultant: *Nancy Crawford, PsyD., Licensed Clinical Psychologist*

- **Cognitive Assessment:** Administered, scored, and interpreted a variety of ability, achievement, and processing measures with a culturally diverse IEP population (ED, ID,

- ADHD, Autism, emotional disturbance, and impairments of speech).
- **IEP Preparation:** Conducted chart reviews, student observations, and student/parent interviews for IEP reports. Collaborated with teachers, parents, and students to formulate treatment goals and design effective interventions for IEPs.
  - **Supervision & Training:** Participated in 1 hour/week individual and live supervision with the on-site licensed school psychologist. Consulted on case reports in 1.5 hours/week consultation group meetings with a licensed clinical psychologist.
- 

## **OTHER SUPERVISED CLINICAL EXPERIENCE: THERAPY & SUPERVISION**
